LOCALGIVING.COM

Offers local charities and community groups an opportunity to try online fundraising for free.

Localgiving.com and the Community Foundation for NI are giving charities and community groups an opportunity to give online fundraising a try. They are offering 100 fully funded annual memberships for eligible groups in NI.

In this time of austerity, cuts and the uncertainty of future budgets, local charities and community groups need to be thinking differently about fundraising and Localgiving.com is giving you the opportunity to use their digital fundraising platform and through the support of the Big Lottery Fund, this is completely free.

Localgiving.com was founded in 2008 by Marcelle Speller OBE as a vehicle to help local charities and community groups to connect with people, fundraise online and take control of their future. Since the organisations inception, it has assisted over 4,000 charities to raise over £5.5 million.

Unlike other online fundraising platforms, Localgiving.com works with organisations not registered with the Charities Commission NI providing them with access to online fundraising and Gift Aid.

Benefits of localgiving.com:

A year's Localgiving.com membership will allow you to access:

- Match funding campaigns - where online donations to you are doubled. Currently 'The Grow Your Tenner' is live and there will be a future campaign dedicated to Northern Irish groups.
- Automatic Gift Aid on eligible donations that is an extra 25% on top of donations.

- Free, comprehensive training covering how to make the most out of online fundraising, social media and using technology to reach people.

Don't miss this unique opportunity to raise awareness of your organisation, its cause and attract donations.

Priority will be given to projects that will benefit groups dealing with disadvantaged (eg rural isolation, low income, social exclusion, reduced access to services), and projects that involve the beneficiaries in their development and delivery.

Examples of types of projects that may be supported within Fund themes:

- Community education and training opportunities

Biffa Award - Important Changes to its funding:

The Biffa Award has funded a range of community and environmental projects across England, Wales and NI through its large and small grants schemes since it was set up in 1997 under the Landfill Communities Fund.

As the amount of funding it receives through the Landfill Communities Fund is decreasing, however, and given that the Biffa Award scheme is 'heavily oversubscribed', the Award has felt it necessary to make the following changes:

- All community buildings and recreation (ENTRUST D and E) projects must be within 5 miles (previously it was 7 miles) of a Biffa operation and 10 miles of any landfill sites or 10 miles of an active Biffa Landfill site.
- All rebuilding biodiversity (ENTRUST DA) projects must be within 15 miles of a Biffa operation.
- Biffa Award will now have one grant scheme where applicants can apply for between £10,000 and £75,000 (previously it was £50,000) with the project total cost not exceeding £200,000 inclusive VAT.
- The cultural facilities theme will no longer be open to applications through the main and small grants schemes, instead Biffa will support heritage projects through its partnership scheme project with the Association of Independent Museums.
- The small grant scheme has closed.

The application deadlines have changed. There will be 3 board meetings per year, where 2 themes will be reviewed at each meeting. The applicants grants officer will advise which meeting the project will be taken to and advise on application deadline dates accordingly:

- October 2016 - Community Buildings and Rebuilding Biodiversity
- February 2017 - Rebuilding Biodiversity and Recreation
- June 2017 - Recreation and Community Buildings

Application deadlines will be timetabled throughout the year, in line with the meeting schedule above.

There is no upper limit but very few grants over £100,000 are made and most grants are for much less.

Deadlines: 15 September 2016

How much to apply for?

- Main Grants - over £10,000 to support projects for up to three years
- There is no upper limit for Main Grants but very few grants over £100,000 are made and most grants are much less
- Each year BBC Children in Need are asked for much more money than they are able to give. Requests for larger amounts are always more competitive.

Small Grants Programme

The Small Grants programme is open to charities and not-for-profit organisations applying for any amount up to and including £10,000 for one year. Grants are available for:

Children and young people of 18 years and under experiencing disadvantage through:

- Illness, distress, abuse or neglect
- Any kind of disability
- Behavioural or psychological difficulties
- Living in poverty or situations of deprivation

Funding available to organisations working to combat this disadvantage and to make a real difference to children and young people's lives.

The Small Grants programme are looking for projects where a relatively small amount of money can make a big difference for children and young people and are unlikely to fund applications which top up funding for salaries or larger projects where a small grant would only make a marginal impact on its success.

THE HENRY SMITH CHARITY - HOLIDAY GRANTS FOR CHILDREN

One off grants of up to £2,500 for organisations, schools, youth groups etc specifically for holidays or outings for children under the age of 13 who are disabled or who live in areas of high deprivation.

The purpose of this scheme is to provide children with a recreational holiday or outing they would not otherwise have the opportunity to access. This means that we will not fund trips where the primary purpose is education. You must make a clear case for the financial need of the individuals attending as well as the organisation applying.

Applications can be made for grants towards holidays or outings within the UK for children aged 13 and under who are from areas of high deprivation, are experiencing disadvantage, or who have a disability. The trust will consider trips for children who live in deprived circumstances within an otherwise affluent area, according to the National Indices for Deprivation, but the case for support must be clearly explained.

Grants: Between £500 and £2,500 can be considered.

Closing date: **01 July - 18 Nov 2016**
