How to Download an App on an iPad

- **Step 3:** Type in the name of the app you are searching for. As you do so, suggested names of apps will begin to appear. When you have the app you want, click on search.
- **Step 4:** When the app is free it will say "Get" if there is a price associated to the app the price of it will appear instead. Click on the "Get" button, when you do this an "Install" button will appear.

Step 5: It will prompt you to put in your apple ID password, when you put in the password it will appear as black dots.
